- Post is attached to the case through the bottom. Pre-drilled holes will be provided on the posts for easy display case mounting
- The post should be secured at least 3 feet into the ground for proper support.

#### Lighting Options

##### LED LIGHTS - BRIGHTER & LONGER LASTING

**Go GREEN with our energy-saving LED Lights.** Interior LED Lights are installed to spotlight your posters, signage, postings, menus, and other printed announcements. LED lights are long-lasting and energy-efficient. Choose from **Top Lit** or **Entire Interior Perimeter** for LED Lighting placement.

- UL-approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

\*\*We provide a 3-wire cord attached to the ballast/transformer inside the display case. When installing, use a licensed electrician/installer to provide power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole, as we feel it is best for the installer to determine the best exit point for the power supply).

We offer **TWO** LED Lighting Options as detailed below:

**TOP LIGHTING (ONE SIDE)**

For this option, we place an LED strip light on the top side of the interior display case. The light will shine downward onto the interior case, highlighting its contents.

**INSIDE PERIMETER (ALL 4 SIDES)**

For this option, we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all four sides of the interior case, increasing the light intensity on the contents displayed inside.
