****We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardware provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).**

We offer THREE LED Lighting Options as detailed below;

BOTH SIDES OF THE CASE WOULD HAVE THE LED OPTION SELECTED BELOW

TOP LIGHTING (ONE SIDE)
