Post Options

SURFACE MOUNT POST

If you're looking to display your message board on concrete, brick, cement or any other solid surface, this is the best option. Included are (1) Metal Base (sleeve) which accept the post with a secure snug fit. To properly install the freestanding message board, simply use the appropriate screws and anchors for the surface where you are affixing the post.

- Includes (1) 46" High x 3 1/2" Post
- Base Plate: 8" Wide x 12" Deep" x 8.5" High

IN-GROUND POST

When installing your display directly into the ground (for example grass or dirt) , then this is the option to choose. Post(s) provided are longer than the surface mount post(s), as a portion of the post will be dug into the ground for added support. The overall height will remain same as surface mounted post(s), for an ideal viewing height.

- Includes (1) 66" High x 3 1/2" Post

Recycled Plastic Construction Benefits

- Maintenance Free Recycled Plastic.
- Eliminate yearly maintenance with high-quality recycled plastic outdoor display boards - no painting or replacing rotting boards.
- Will not crack or decay, split, peel, rot or chip
- Rustproof and graffiti resistant
- Impervious to water, chemicals, and insects
- Finished back panel looks great and adds structural integrity

Lighting Options

LED LIGHTS - BRIGHTER & LONGER LASTING

Go GREEN with our energy saving LED Lights. Interior LED Lights are positioned on the interior to spotlight your posters, signage, postings, menus, and other printed announcements. LED lights are long lasting, and energy efficient.

INSIDE PERIMETER (ALL 4 SIDES)

For this option we install LED strip lighting along the entire Perimeter of the interior message center. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside.

- Pre-cut 1/2" dia. LED light roping is factory-installed
- Pre-assembled SJT (Heavy-duty) power cord with rectifier & 2-prong polarized plug requires a power source
- Power cord exits out the bottom of the message center
- 1" vertical LED bulb spacing
- Temperature Rating: -60°F - 200°F
- Light Color: Warm white

- Brightness: 6500
- Dimmable
- 100,000 hours of burn time
- Energy efficient - only consumes 0.8 watts per foot
- 120 volts (No transformer required)
- Indoor/ outdoor use.
