Peg Board Brackets Ordering Options

Wall Panel Supports / Brackets

Depending on your available wall space and desired panel spacing, 3 Wall Bracket sizes with different amounts of pivots holes are available.

48" in Length Wall Brackets (22 Pivot Holes 2" Apart)

64" in Length Wall Brackets (30 Pivot Holes 2" Apart)

96" in Length Wall Brackets (46 Pivot Holes 2" Apart)

REMEMBER TO FACTOR IN THE PANEL SEPARATOR YOU CHOOSE

Panel Separators (Included in Display Price):

Select a roller separator length which provides proper spacing between swinging panels so that merchandise displayed on adjacent panels does not touch when the panels are turned.

Fixed Pivot Spacing refers to the amount of space the panels need to be apart on the floor bracket for the panel separators to work properly.

1" Panel Separator (2" Fixed Pivot Spacing)

2 1/4" Panel Separator (4" Fixed Pivot Spacing)

3 5/8" Panel Separator (6" Fixed Pivot Spacing)

5 1/2" Panel Separator (8" Fixed Pivot Spacing)

6 5/8" Panel Separator (10" Fixed Pivot Spacing)

Steel Pegboard Hooks:

Specially designed for use with our pegboard panels, these 1/8" steel pegboard hooks are flattened so merchandise hangs close to the display surface. Perfect for heavier items, including framed art, mirrors and other three-dimensional merchandise. Package of 100 is included.
