Lighting Information

- UL approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

****We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).**

We offer TWO LED Lighting Options as detailed below;

TOP LIGHTING (ONE SIDE)

For this option we place an LED strip light on the top side of the interior display case. The light will shine downward onto the interior case, highlighting the contents inside.

INSIDE PERIMETER (ALL 4 SIDES)

For this option we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside.

Post Specifications

- Post Dimensions: **2" x 2" x 96" (8 Feet High)**
- Overall Depth of case: **3 1/8"** when adding posts to your display case. This added depth is for ease of installation when mounting case to posts.
- Posts are attached to the case through the sides. Pre-drilled holes will be provided on the posts for easy display case mounting
- Posts should be secured at least 3 feet into the ground for proper support.
