WHAT ARE OUTDOOR POSTS? ( )

Recycled Plastic (Faux Wood) Construction Benefits

- Maintenance Free Recycled Plastic
- Will not crack or decay, split, rot or chip
- Impervious to water, chemicals, and insects
- Finished back panel looks great and adds structural integrity

**LED LIGHTS - BRIGHTER & LONGER LASTING**

Go GREEN with our energy saving LED Lights. Interior LED Lights are positioned on the interior to spotlight a wide range of information, including times, dates, menus, and other announcements. LED lights are long lasting, and energy efficient. Choose from Top Lit or Entire Interior Perimeter for LED Lighting placement.

- UL approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

\*\*We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardware provided (we do not provide an exit hole as we feel it is best for the installer to decide the best exit point for power supply).

We offer **TWO** LED Lighting Options as detailed below:

**TOP LIGHTING (ONE SIDE)**

For this option we place an LED strip light on the top side of the interior display case. The light will shine downward onto the interior case, highlighting the contents inside.

**INSIDE PERIMETER (ALL 4 SIDES)**

For this option we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside.
