LED LIGHTS BRIGHTER & LONGER LASTING

Go GREEN with our energy saving LED Lights. Interior BACK-LIT LED Lights are positioned behind the translucent white acrylic to SHOWCASE; messages, menus, and other announcements. LED lights are long lasting, and energy efficient. Having your Message Back-Lighted will allow passerby traffic to see your messages anytime of day, and of-course at night time from far distances.

- UL approved LED Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

**We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).
