Header Details

- The header is positioned on the Door Frame
- Header Height is 9 3/4"
- 2" Metal Divider placed between the Header and Message Area

When placing your order choose one of these options and follow the instructions.

- **STANDARD HEADER (No Charge)**
 - All text is UPPERCASE Black Helvetica lettering on a 5" white header (3" max text height).
 - Check your grammar & spelling! We will print exactly what we receive.
 - We will try to keep your message on one line unless otherwise specified. If we can't fit your message on one line we will center your copy on two lines.
 - Please type your header message in the **Text Box** when ordering.
- **LEAVE HEADER BLANK (No Charge)**
 - Your display will ship with a blank header for you to add your message.
 - Make sure to type **LEAVE BLANK** in the **Text Box** when ordering.
- **CUSTOM HEADER / LOGO (Upcharge)**
 - This option is for customers that wish to send us a header with a specific FONT, COLOR, or LOGO.
 - Once your order is submitted we will contact you with instructions on how to submit your HI-RES EPS file.
 - Make sure to enter **CUSTOM LOGO** in the **Text Box** when ordering.

Lighting Information

LED LIGHTS BRIGHTER & LONGER LASTING

Go **GREEN** with our energy-saving LED Lights. Interior LED Lights are positioned on the interior to SPOTLIGHT your reader board signage, postings, menus, and other announcements. LED lights are long-lasting and energy-efficient.

- UL-approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

**We provide a 3-wire cord attached to the ballast/transformer inside the display case. When installing, you should use a licensed electrician/installer to bring power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole as we feel it's best for the installer to decide the best exit point for the power supply).

We offer the following LED Lighting Option as detailed below;

INSIDE PERIMETER (ALL 4 SIDES).

For this option we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside. Additionally, the header will also illuminate with the TOP installed LED,

providing a bright glow.

Ordering Options

- **Door Window: Break-Resistant or Tempered Glass**
 - Break-Resistant Acrylic: 1/8" thick, lightweight (Standard)
 - 1/4" Tempered Glass for public environments and locations that require this added safety feature. (Upcharge)
 - If chosen, we will use our heavy-duty door that will change one of 2 dimensions by 1/2". We will contact you if you do not indicate which dimension you would like adjusted in your order notes
 - The viewable area can decrease by 1/2" or the overall size can be increased by 1/2".
