LED Ordering Options

LED LIGHTS BRIGHTER & LONGER LASTING

Go **GREEN** with our energy saving LED Lights. Interior LED Lights are positioned on the interior to SPOTLIGHT; your reader board signage, postings, menus, and other announcements. LED lights are long lasting, and energy efficient. Choose Entire Interior Perimeter for LED Lighting placement.

- UL approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

****We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).**

We offer the following LED Lighting Option as detailed below;

INSIDE PERIMETER (ALL 4 SIDES).

For this option we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside. For this option the header also will illuminate with the TOP installed LED, providing a bright glow.
