Panel Gripper Information

Panel Grippers are frame-less graphic attachments for rigid substrates.

- The Panel Grippers can accept insert thicknesses from .020" - .125", and .125" - .250". Please select your desired graphic thickness below in the menu before checkout.
- Grippers should be used on graphics with a 24" maximum width
- Sold 2 grippers to a kit. Depending on the length of your graphic, you may need more than one gripper kit.
- Maximum length of your graphic is only limited by the 8" post and your selection of Literature Holders. However, it is recommended that a panel gripper should be used every 24" vertically to ensure care and stability of your graphic.

If you are satisfied with this look and style of display stand, but wish to order it in our 6 FOOT Posto-Stand style, please call customer service at .
