- If you do choose a backer board, a thin printed poster 1/16" or less works best.
- Wood Picture Frame **ships FULLY ASSEMBLED**
- Installs Easily: Mounting Hardware Included
- Wood Poster Displays are **for INDOOR USE ONLY**
- Call for #362 Custom Made Wood Poster Display Frame Sizes

### Backing Board Options

#### BACKING BOARD ORDERING OPTIONS

The backing board is used for placing your typical thin sheet poster, photo or artwork onto, to keep your graphic rigid. The various options, with benefits are below;

If you choose **NO BACKER BOARD**, and plan on using the frame without installing your own backer, we strongly recommend that your thin printed sheet be mounted on any type of rigid board. Placing a thin poster into a frame without a backer board is not ideal.

##### **Economy Corrugated Cardboard Backer:**

- This brown cardboard backer is an ideal budget conscious option.

##### **Foam Board (Foamcore) Backer:**

- Foam Board has a higher level of protection than corrugated cardboard.
- Its white finish preserves the integrity of translucent photos well
- Is a perfect substrate for dry mounting objects to the backing

##### **Acid-Free Foam Board (Archival):**

- When preservation is the primary concern, this is the best option for protection.
- This is an ideal choice for all frame sizes which are displaying items of personal or monetary value.
- Examples: Vintage Family Photo's, Expensive Artwork, and Historic & Heirloom Documents

### Acrylic Options

#### ACRYLIC ORDERING OPTIONS

We use acrylic for our frame windows. It's half the weight of glass while providing the same clarity.

If you choose **NO ACRYLIC**, and plan on using the frame without inserting your own acrylic or glass window, we strongly recommend your graphic be mounted onto a board to keep it rigid. Placing a thin poster into a frame without an acrylic is not ideal.

##### **Economy Clear Acrylic:**

- Strong lightweight acrylic provides a clear viewing window.
- This is an ideal economical choice for small to mid-size frames.

##### **Premium Clear Acrylic:**

- This is a thicker more durable acrylic option than the Economy Acrylic.
- This is an ideal choice for mid-size frames to large format frames
- Strong lightweight acrylic provides a clear viewing window.

##### **Non-Glare Acrylic:**

- This acrylic reduces glare from natural sunlight or artificial light.
- This is an ideal choice for all frame sizes which are near windows or under direct overhead lighting

##### **Break Resistant Acrylic:**

- This high impact acrylic, perfect for high traffic or public environments.

##### **UV Protective (Ultra-Violet) Archival Acrylic:**

- Protects against fading, yellowing, and loss of value.
- This is an ideal choice for all frame sizes which are displaying items of personal or monetary value.
