#### Frame Position: Center Hung Versus Offset

When ordering this floor standing poster display, you have the option of hanging your poster frame either Center Hung or Offset.

### Center Hung

When selecting **CENTER HUNG**, the sign frame becomes a single sided frame, where you can only display ONE Poster.

The 72" High sign post where the frame is attached to, will block the backside of the frame from being viewed properly.

When selecting the Center Hung Option, you will only require ONE Clear Overlay per sign frame.

#### <u>Offset</u>

When selecting OFFSET, the sign frame becomes a double sided frame, where you can display ONE or TWO Posters, YOUR CHOICE!

The 72" High sign post is not blocking the backside of the frame, thus providing this 2-SIDED option for your poster display.

When selecting the Offset Option, you will have the option of TWO Overlays per sign frame.
