SEG (Silicone Edge Graphic) Framing System Benefits

- Value Pricing and Low Cost Shipping due to the SEG Frames ability to pack unassembled in tubes
- With minimal framing, the finished look provides a contemporary look that can compliment most interiors in a variety of applications.
- No visible sew lines on your graphics, giving it a clean design for all to see
- Dye Sublimated Printing onto fabric allows for a vibrant intensity of both texture and color
- The tension fabric material is NON-reflective and sound absorbing
- Versatile framing system allow for small, to mid size, to super large format sizes at great price points
- Easy Graphic Changes
- Custom Sizes Welcomed!

Lighting Information

- Each light strip has 5 LEDs, with wide beam angles, for light efficiency and low heat. By default, lights are on both largest sides (4 sides lit is available upon request)
- Lights are 10W each, 850-950 lumens, 6500K color temperature
- Power cord - Single power cord directly from the lightbox. When ordering, please specify electric cord location preference.
- Unit is UL Certified with individually numbered stickers on each segment
- Evenly distributed LED lighting
- Low energy costs
- SEG frame profile has 2 channels. One on the TOP for the Fabric Graphic, and one toward the Back for the 2nd Fabric being displayed
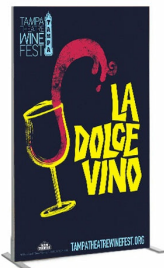

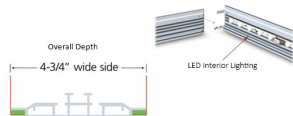

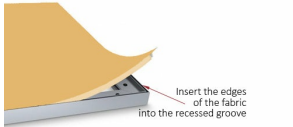

We Print SEG Fabric Graphics

ENJOY ONE STOP SHOPPING!

We print the SEG Fabric Graphics
which will fit into our frames perfectly!

- Our SEG fabric graphics are printed with a Dye Sublimation Printer at 720 DPI for excellent quality. This offers a richness and intensity of both color and texture.
- When ordering a banner from us, we include a White Reflective Backer Fabric to brighten the LED illumination behind the main graphic being displayed.
- Pricing includes 1/2 hour of CPU time to review your artwork files
- FREE Proofs in PDF format can be sent for approval, once order is placed
- Lead Time: SEG graphics takes 3-5 business days
- We provide the silicone edge and have it sewn onto the perimeter of the graphic, for easy insertion when fitted into our frames recessed grooves
- Artwork must be ready to print in a Hi-Res format.
- **NOTE: Since the SEG Frames ship unassembled, the printed fabric graphic will be rolled up for you to install once the frame is assembled.**
