- Side Vents: dissipate condensation buildup
- Free Shipping: Extreme WeatherPlusâ, ¢ Outdoor Bulletin Boards
- Call for Custom Extreme WeatherPlusâ, Clisplay Cases

#### Product Features

Product Details

Our Extreme WeatherPlusâ, & Add-ons are an upgrade from our standard cases we've sold for 20+ years. While we still sell our vast selection of styles and sizes without the enhancements below, some extreme locations require these upgrades to best accommodate their local weather challenges. Below are the upgrades we include;

#### Drip-Edge Roof

The thin aluminum roof provided, has a slight bend at the end, to help mitigate water from entering any possible exposure through the door or hinges when closed. The roof provided comes with a high bond adhesive tape to install onto the top of the metal cabinet. When mounting and installing the WeatherPluså, case, you can decide if you want to add the protective roof, or leave it off. You can always install it at a later date or remove it altogether after initial installation.

- Rubber Gaskets
- One of the bigger enhancements is the installed rubber gaskets placed on the inside perimeter of the door cavity. Though not water-proof or 100% water-tight, it greatly mitigates water from entering the case.
- <u>Side Vents</u>

Placed on both sides of the case are Fin Style Vents. This allows the upper portion of the case to release any condensation build up, and allow for air flow to properly assist in providing a clear viewing of the contents inside.

Additional Weep Holes

In addition to the side Fin Vents, we also provide a total of 4 weep holes at the bottom of the case, which allows for any condensation or possible water build up, to release with ease. The bottom holes are positioned slightly in-front of the backer board and then behind it, for maximum breath-ability.

Forboâ, ¢ Cork Backer

Offered in 15+ Colors, this cork board is self healing, will not crumble and constructed to hold up in most weather conditions. Forbo is produced from natural and renewable raw materials. A combination of oxidized linseed oil, rosin and finely ground cork gives this bulletin board its flexibility and resilience. This combination results in a product with exceptional durability & a sustainable footprint. Its strength and resilience make it an ideal material for pin boards, notice boards and all other surfaces where ideas and information are exchanged.

IMPORTANT: Whichever way you decide to mount the case, remember to apply a clear silicone sealant around the perimeter of the backside of the case, and around any holes drilled directly into the metal cabinet.

#### **Product Details**

- UPPERCASE Helvetica vinyl lettering
- Black lettering on a 5" white header (3" max text height)

#### **IMPORTANT HEADER ORDERING DETAILS**

Please type your message in the text box provided below, we will try to keep your message on one line unless otherwise specified. If we can't fit your message on one line we will center your copy on two lines. For the customer that needs a specific font, color or text positioning, you may call customer service with your requests.

#### ORDERING OPTIONS BELOW. SELECT THE RIGHT OPTION FOR YOU, AND FOLLOW INSTRUCTIONS

#### STANDARD HEADER (No Charge)

Standard UPPERCASE Black Helvetica Lettering as detailed above. Make sure to spell out your header in the empty Text Box above the Green ADD to CART button. Check your grammar & spelling!

#### LEAVE HEADER BLANK (No Charge)

For those customers that will be adding their own header, select this option. Make sure to enter **LEAVE BLANK** in the empty <u>Text Box</u> above the Green ADD to CART button.

#### CUSTOM HEADER / LOGO (Upcharge)

This is for or those customers that wish to send us a specific FONT, COLOR, or LOGO. Make sure to enter CUSTOM LOGO in the empty Text Box above the Green ADD to CART button. We will contact you once the order has been received to instruct you on how to submit the HI-Res EPS File to us.

#### Post Information

- Post Dimensions: 2" x 2" x 96" (8 Feet High)
  Posts are attached to the case through the sides. Pre-drilled holes will be provided on the posts for easy display case mounting
- · Posts should be secured at least 3 feet into the ground for proper support.
