Ordering Options

- **Door Window: Break Resistant or Tempered Glass**
  - Break Resistant Acrylic: 1/8" thick, lightweight (Standard)
  - 1/4" Tempered Glass for public environments and locations that require this added safety feature. (Upcharge)
    - If chosen we will use our heavy duty door that will change one of 2 dimensions by 1/2". We will contact you if you do not indicate which dimension you would like adjusted in your order notes.
    - The viewable area can decrease by 1/2" or the overall size can be increased by 1/2".

Lighting Options

LED LIGHTS BRIGHTER & LONGER LASTING

Go GREEN with our energy saving LED Lights. Interior LED Lights are positioned on the interior to SPOTLIGHT; your posters, signage, postings, menus, and other printed announcements. LED lights are long lasting, and energy efficient. Choose from **_Top Lit_**, **_2 Longer Sides_** or the **_Entire Interior Perimeter_** for LED Lighting placement.

- UL approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

**We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).

Please note when ordering LEDs the Overall Depth will switch to 3 1/8" and the Interior Depth will switch to 1 5/8".

We offer <u>THREE</u> LED Lighting Options as detailed below;

<u>TOP LIGHTING (ONE SIDE)</u>
For this option we place an LED strip light on the top side of the interior display case. The light will shine downward onto the interior case, highlighting the contents inside.

<u>TWO LONGER SIDES</u>
For this option we place an LED strip light along the 2 longer sides of the interior display case. The light will shine from 2 sides of the interior case, bringing more highlighting to the contents inside.

<u>INSIDE PERIMETER (ALL 4 SIDES)</u>.
For this option we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside.
