- Call to customize these Extra Large Indoor Bulletin Board Cases!

Lighting Information

Interior LED Lights are positioned on the interior to SPOTLIGHT your posters, signage, postings, menus, and other printed announcements. LED lights are long lasting, and energy efficient. We place an LED strip light on the top side of the interior display case. The light will shine downward onto the interior case, highlighting the contents inside.

- UL approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

****We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardwire provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).**

Ordering Options

- Vinyl covering over cork
- Frame Orientation: Portrait or Landscape

Door Window: Break Resistant or Tempered Glass

- Break Resistant Acrylic: 1/4" thick, lightweight (Standard)
- Tempered Glass: 1/4" Tempered Glass is offered for public environments which require this added safety standard. (25% Upcharge)

Landscape Orientation Information

*For outdoor poster cases being built for landscape orientation, the following information below will apply.

- The hinge placement will always be on Top (**Door Swings Upward**)
- Prop arms will be added to the unit to support and hold the door.
- The prop arms will extend the door open at approximately 45 degrees.
