- **Call to Customize Super Wide Face Poster Display Frames**

**Backing Board Options**

The backing board is used for placing your typical thin sheet poster, photo or artwork onto, to keep your graphic rigid. The various options, with benefits, are below:

**Economy Corrugated Cardboard Backer**

- This brown cardboard backer is an ideal budget conscious option

**Foam Board (Foamcore) Backer**

- Foam Board has a higher level of protection than corrugated cardboard
- Its white finish preserves the integrity of translucent photos well
- Is a perfect substrate for dry mounting objects to the backing

**Acid-Free Foam Board (Archival)**

- When preservation is the primary concern, this is the best option for protection
- Ideal choice for all frame sizes which are displaying items of personal or monetary value
- Examples: Vintage Family Photo's, Expensive Artwork, and Historic Heirloom Documents

**Acrylic Options**

We use acrylic for our frame windows. It's half the weight of glass while providing the same clarity. If you choose **NO ACRYLIC**, and plan on using the frame without inserting your own acrylic or glass window, **we strongly recommend your graphic be mounted onto a board to keep it rigid**. Placing a thin poster into a frame without an acrylic is not ideal.

**Economy Clear Acrylic**

- Strong lightweight acrylic provides a clear viewing window
- This is an ideal economical choice for small to mid size frames

**Premium Clear Acrylic**

- This is a thicker more durable acrylic option than the Economy Acrylic
- Ideal choice for mid size frames to large format frames
- Strong lightweight acrylic provides a clear viewing window

**Non-Glare Acrylic**

- This acrylic reduces glare from natural sunlight or artificial light
- Ideal choice for all frame sizes which are near windows or under direct overhead lighting

**Break Resistant Acrylic**

- This high impact acrylic, perfect for high traffic or public environments

**UV Protective (Ultra-Violet) Archival Acrylic**

- Protects against fading, yellowing, and loss of value
- This is an ideal choice for all frame sizes which are displaying items of personal or monetary value
- Examples: Vintage Family Photo's, Expensive Artwork, and Historic & Heirloom Documents
