- Installs Easily: All mounting hardware is included
- Wood Poster Displays are for **INDOOR USE ONLY!**
- **Call for #353 Custom Made Wood Poster Display Frame Sizes**

## Backing Board Options

**BACKING BOARD ORDERING OPTIONS**

The backing board is used for placing your typical thin sheet poster, photo or artwork onto, to keep your graphic rigid. The various options, with benefits are below:

If you choose **NO BACKER BOARD**, and plan on using the frame without installing your own backer, **we strongly recommend that your thin printed sheet be mounted on any type of rigid board.**

Placing a thin poster into a frame without a backer board is not ideal.

**Economy Corrugated Cardboard Backer:**

- This brown cardboard backer is an ideal budget conscious option.

**Foam Board (Foamcore) Backer:**

- Foam Board has a higher level of protection than corrugated cardboard.
- Its white finish preserves the integrity of translucent photos well
- Is a perfect substrate for dry mounting objects to the backing

**Acid-Free Foam Board (Archival):**

- When preservation is the primary concern, this is the best option for protection.
- This is an ideal choice for all frame sizes which are displaying items of personal or monetary value.
- Examples: Vintage Family Photo's, Expensive Artwork, and Historic & Heirloom Documents

## Acrylic Options

**ACRYLIC ORDERING OPTIONS**

We use acrylic for our frame windows. It's half the weight of glass while providing the same clarity.

If you choose **NO ACRYLIC**, and plan on using the frame without inserting your own acrylic or glass window, **we strongly recommend your graphic be mounted onto a board to keep it rigid**. Placing a thin

poster into a frame without an acrylic is not ideal.

**Economy Clear Acrylic:**

- Strong lightweight acrylic provides a clear viewing window.
- This is an ideal economical choice for small to mid size frames.

**Premium Clear Acrylic:**

- This is a thicker more durable acrylic option than the Economy Acrylic.
- This is an ideal choice for mid size frames to large format frames
- Strong lightweight acrylic provides a clear viewing window .

**Non-Glare Acrylic:**

- This acrylic reduces glare from natural sunlight or artificial light.
- This is an ideal choice for all frame sizes which are near windows or under direct overhead lighting

**Break Resistant Acrylic:**

- This high impact acrylic, perfect for high traffic or public environments.

**UV Protective (Ultra-Violet) Archival Acrylic:**

- Protects against fading, yellowing, and loss of value.
- This is an ideal choice for all frame sizes which are displaying items of personal or monetary value.
- Examples: Vintage Family Photo's, Expensive Artwork, and Historic & Heirloom Documents
