- Wall Mounting Top and Bottom Brackets Included
- Enclosed Letter Board Case **for OUTDOOR or INDOOR use**
- **36x48 Large Letter Boards Ship FREE FREIGHT**
- Call for Custom Extreme WeatherPlusâ„¢ Letter Board Display Cases

Product Features

Our Extreme WeatherPlusâ„¢ Add-ons are an upgrade from our standard cases we've sold for 30+ years. While we still sell our vast selection of styles and sizes without the enhancements below, some extreme locations require these upgrades to best accommodate their local weather challenges. Below are the upgrades we include;

- **Drip-Edge Roof**
  The thin aluminum roof provided, has a slight bend at the end, to help mitigate water from entering any possible exposure through the door or hinges when closed. The roof provided comes with a high bond adhesive tape to install onto the top of the metal cabinet. When mounting and installing the WeatherPlusâ„¢ case, you can decide if you want to add the protective roof, or leave it off. You can always install it at a later date or remove it altogether after initial installation.

- **Rubber Gaskets**
  One of the bigger enhancements is the installed rubber gaskets placed on the inside perimeter of the door cavity. Though not water-proof or 100% water-tight, it greatly mitigates water from entering the case.

- **Side Vents**
  Placed on both sides of the case are Fin Style Vents. This allows the upper portion of the case to release any condensation build up, and allow for air flow to properly assist in providing a clear viewing of the contents inside.

- **Additional Weep Holes**
  In addition to the side Fin Vents, we also provide a total of 4 weep holes at the bottom of the case, which allows for any condensation or possible water build up, to release with ease. The bottom holes are positioned slightly in-front of the backer board and then behind it, for maximum breathability.

- **Hanging Brackets- for Wall Mount**
  When drilling holes though the backer board, there is an opportunity for water to seep into the backside of the case. As an option we've included top and bottom metal hanging brackets to help avoid this. You still can drill through the backer board, but this provides an alternative mounting method.

  IMPORTANT: Whichever way you decide to mount the case, remember to apply a clear silicone sealant around the perimeter of the backside of the case, and around any holes drilled directly into the metal cabinet.

Header Details and Lighting Information

- UPPERCASE Helvetica vinyl lettering
- Black lettering on a 5" white header (3" max text height)

IMPORTANT HEADER ORDERING DETAILS

Please type your message in the text box provided below, we will try to keep your message on one line unless otherwise specified. If we can't fit your message on one line we will center your copy on two lines. For the customer that needs a specific font, color or text positioning, you may call customer service with your requests.

ORDERING OPTIONS BELOW. SELECT THE RIGHT OPTION FOR YOU, AND FOLLOW INSTRUCTIONS:

STANDARD HEADER (No Charge)
Standard UPPERCASE Black Helvetica Lettering as detailed above. Make sure to spell out your header in the empty **Text Box** above the **SAVE SELECTIONS** button. Check your grammar & spelling!

LEAVE HEADER BLANK (No Charge)
For those customers that will be adding their own header, select this option. Make sure to enter **LEAVE BLANK** in the empty **Text Box** above the **SAVE SELECTIONS** button.

CUSTOM HEADER / **LOGO (Upcharge)**
This is for or those customers who wish to send us a specific FONT, COLOR, or LOGO. Make sure to enter **CUSTOM LOGO** in the empty **Text Box** above the **SAVE SELECTIONS** button. We will contact you once the order has been received to instruct you on how to submit the HI-Res EPS File to us.

LED LIGHTING INFORMATION
- UL approved LED Strip Lighting
- Cool White LED Lighting
- LED Life: 50,000 hours

**We provide a 3-wire cord attached to the ballast / transformer inside the display case. When installing you should use a licensed electrician / installer to bring power to the display. The installer will best decide where to exit the hardware provided (we do not provide an exit hole as we feel its best for the installer to decide the best exit point for power supply).

We offer TWO LED Lighting Options as detailed below:

TOP LIGHTING (ONE SIDE)
For this option we place an LED strip light on the top side of the interior display case. The light will shine downward onto the interior case, highlighting the contents inside.

INSIDE PERIMETER (ALL 4 SIDES)
For this option we place an LED strip light along the entire Perimeter of the interior display case. The light will shine from all 4 sides of the interior case, bringing more light intensity to the contents being displayed inside.

Ordering Options

- Frame Orientation: Portrait or Landscape
- 4 Metal Frame Finishes: Silver, Black, Bronze, and Gold
- 2 Felt Letter Board panel colors: Black and Grey
- Optional letter & character sets (**1/2", 3/4", 1", 2", 3"**)
