- Letter Board panels are fixed into case and **NOT removable**
- Call for Custom Extreme WeatherPlusSM,[®] Letter Board Display Cases

Product Features

Our Extreme WeatherPlusSM,[®] Add-ons are an upgrade from our standard cases we've sold for 30+ years. While we still sell our vast selection of styles and sizes without the enhancements below, some extreme locations require these upgrades to best accommodate their local weather challenges. Below are the upgrades we include;

- **Drip-Edge Roof**
The thin aluminum roof provided, has a slight bend at the end, to help mitigate water from entering any possible exposure through the door or hinges when closed. The roof provided comes with a high bond adhesive tape to install onto the top of the metal cabinet. When mounting and installing the WeatherPlusSM,[®] case, you can decide if you want to add the protective roof, or leave it off. You can always install it at a later date or remove it altogether after initial installation.
- **Rubber Gaskets**
One of the bigger enhancements is the installed rubber gaskets placed on the inside perimeter of the door cavity. Though not water-proof or 100% water-tight, it greatly mitigates water from entering the case.
- **Side Vents**
Placed on both sides of the case are Fin Style Vents. This allows the upper portion of the case to release any condensation build up, and allow for air flow to properly assist in providing a clear viewing of the contents inside.
- **Additional Weep Holes**
In addition to the side Fin Vents, we also provide a total of 4 weep holes at the bottom of the case, which allows for any condensation or possible water build up, to release with ease. The bottom holes are positioned slightly in-front of the backer board and then behind it, for maximum breathability.

Post Specifications

- Post Dimensions: 2" x 2" x 96" (8 Feet High)
- Posts are attached to the case through the sides. Pre-drilled holes will be provided on the posts for easy display case mounting
- Posts should be secured at least 3 feet into the ground for proper support.

Ordering Options

- Frame Orientation: Portrait or Landscape
- 4 Metal Frame Finishes: Silver, Black, Bronze, and Gold
- 2 Felt Letter Board panel colors: Black and Grey
- Optional letter & character sets (1/2", 3/4", 1", 2", 3")
- **Door Window: Break Resistant or Tempered Glass**
 - Break Resistant Acrylic: 1/8" thick, lightweight (Standard)
 - 1/4" Tempered Glass for public environments and locations that require this added safety feature. (Upcharge)
 - If chosen we will use our heavy duty door that will change one of 2 dimensions by 1/2". We will contact you if you do not indicate which dimension you would like adjusted in your order notes.
 - The viewable area can decrease by 1/2" or the overall size can be increased by 1/2".
